Overall Length:

0.800 inches

End Application:

ARMA-ME-NTS-UBSY

Teeth Quantity:

18

Diametral Pitch:

32

Backlash Designation:

Grade c

Pressure Angle:

20.0000 degrees

Shaft Material:

Stainless steel

Gear Material:

Stainless steel

Hardness Rating And Location:

35.0 rockwell c and 42.0 rockwell c

Special Features:

Steel is per ams 5643, 17-4, cond. Solution treated; heat treatment: age to cond. H1025 per mil-h-6875; hole in shaft is 0.340 in. Dia., csk to 60 deg., on both ends; passivation per qq-p-35; pitch dia. Is 0.5625 in.; agma gear class is coml 4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A503n0
