**Effective Length:**

66.500 inches

**Core Construction:**

Wire rope

**Flexible Conduit Material:**

Steel

**End Application:**

Vehicle, recovery m-578

**Core Diameter:**

0.094 inches

**Core Processed End Connection Type:**

Nonadjustable connector

**Flexible Conduit Outside Diameter:**

0.375 inches

**Travel Distance:**

3.000 inches

**Features Provided:**

T-handle and adapter and rotary adjustment provision

**Core Material:**

Stainless steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A524c0
