Overall Length:

3.940 inches

Outside Diameter:

0.150 inches

Bushing Length:

0.625 inches

Endlength:

0.840 inches

Tongue Thickness:

Any acceptable

Shaft Material:

Steel, corrosion resisting

Size Designator:

0.687 in. Dia

Unit Type:

Wire wound

End Type:

Round female

Cross Section Size And Location:

0.500 inches diameter err-100

Machined Feature Size:

0.250 dia, 0.380 lg; 0.156 w

Threaded Securing Hole Quantity:

1

Securing Hole Thread Size:

No. 8 in.-32

Threaded Securing Hole Location:

0.190 in. From end, through to bore
