Overall Length:

24.050 inches

Body Diameter:

0.375 inches

End Attachment Style:

Clevis no. 2 both ends

Body Construction:

Tubular

Special Features:

End attachment info: material steel, surface treatment cadmium plated

Material:

Aluminum alloy

Material Specification:

Ww-t-700/3, comp 2024, temp t3 federal specification single material response

Surface Treatment:

Zinc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A52410
