**Overall Length:**

24.050 inches

**Body Diameter:**

0.375 inches

**End Attachment Style:**

Clevis no. 2 both ends

**Body Construction:**

Tubular

**Special Features:**

End attachment info: material steel, surface treatment cadmium plated

**Material:**

Aluminum alloy

**Material Specification:**

Ww-t-700/3, comp 2024, temp t3 federal specification single material response

**Surface Treatment:**

Zinc

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A52410
