Effective Length:

132.000 inches

Flexible Conduit Material:

Stainless steel

Core Diameter:

0.375 inches

Core Processed End Connection Type:

Adjustable threaded adapter

Flexible Conduit Outside Diameter:

0.625 inches

Travel Distance:

1.000 inches

Features Provided:

Adapter

Core Material:

Stainless steel

Special Features:

Center core has 3 steel strips seperated by steel balls

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A524c0
