Overall Height:

0.188 inches

Cam Width:

0.477 inches

Specific Use:

Guided missile components

Camlength:

1.558 inches

Special Features:

No. 10-32 unf-3b mounting hole 0.187 in. From end

Material:

Steel

Surface Treatment:

Passivate

Surface Treatment Specification:

Qq-p-416, type ii, class 2 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A50800
