Body Material:

Steel

Bore Diameter:

Between 2.994 inches and 3.000 inches

Body Outside Diameter:

3.500 inches

First End Hole Diameter:

Between 1.504 inches and 1.506 inches

Compressed Length:

23.750 inches

Extended Length:

31.250 inches

Design Characteristics:

Double acting single cylinder

First Piston Rod End Style:

Tongue type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A34200
