First End Style:

Plain

End Similarity:

Identical

Overall Length:

2.330 inches

End Application:

1680-01-040-8493 slipway install

First End Diameter:

Between 0.2470 inches and 0.2490 inches

Special Features:

Zitem has a slot leading into a wedge in the body mid-section and functions as an actuator; heat treat 190 ksi per ams 5659; finish passivate per mil-s-5002, chrome plate per es2-99 0.0003 to 0.0005 thk; nha 1680-01-053-9292 actuator assembly

Material:

Stainless steel

Material Specification:

Ams5659 assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23200
