End Application:

F16 aircraft

Special Features:

Ysteel ams5629, stock size 1.875 diameter x 2.88 in., penetrant inspect per ndts 1101 zone 0, diametral pitch 20, number of teeth 35, pressure angle 20 deg, working depth 0.100 in., shaft angle 90 deg, backlash 0.001/0.003 in., clearance 0.011 in.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A503m0
