First End Style:

Plain

End Similarity:

Identical

Overall Length:

2.880 inches

First End Diameter:

0.1250 inches

Special Features:

Surface treatment passivate qq-p-35; shaft has grooves 0.258 in between centers

Material:

Steel

Material Specification:

Qq-s-764, class 303, con a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23200
