Linear Actuating Cylinder Assembly - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/3040-01-073-0614>

Body Material:

Steel

Bore Diameter:

2.000 inches

Integral Valve Operation Method:

Hydraulic

Mounting Type And Location:

Fork both ends

Special Features:

Heavy duty mill type, 6 in stroke, cushioned both ends, 1 in diameter rod, block v piston, ethylene propylene seals, metallic rod wiper

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
