Linear Actuating Cylinder Assembly - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/3040-01-078-7503>

**Second End Outside Diameter:**

2.000 inches

**Compressed Length:**

147.500 inches

**Extended Length:**

275.500 inches

**Features Provided:**

Locking device

**Integral Valve Operation Method:**

Hydraulic

**Design Characteristics:**

Single acting single cylinder

**First Piston Rod End Style:**

Ring type

**Piston Rod End Similarity:**

Not identical

**Second Piston Rod End Style:**

Ring type

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A34200
