**Securing Hole Quantity:**

1

**Securing Hole Type And Location:**

Unthreaded single hole

**Material:**

Nickel-copper alloy, qq-n-281, class a

**Material:**

Nickel alloy 400

**Material Specification:**

Qq-n-281, class a federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A231a0
