**Width:**

1.312 inches

**Overall Height:**

2.920 inches

**Bolt Hole Quantity:**

3

**End Application:**

Armament subsys xm97e1

**Bore Inside Diameter:**

0.750 inches

**Bolt Hole Size:**

2 holes 0.285 in dia, 1 hole 0.220 in dia

**Special Features:**

5 holes 0.125 in diameter are used to position forging for initial inspection and initial machining operations

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-367 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A524a0
