Overall Length:

7.740 inches

End Application:

Used on ifv m2a1

Shaft Type:

Shouldered

Shaft Material:

Steel comp 4620 and steel comp 8620

Gear Material:

Steel comp 4620 and steel comp 8620

Shaft Largest Diameter:

1.750 inches

Special Features:

1st end gear: teeth q type 81; diametral pitch 12; pressure angle 20 degrees; 2nd end gear: teeth q type 21; diametral pitch 10; pressure angle 20 degrees

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A503n0
