**Overall Length:**

7.740 inches

**End Application:**

Used on ifv m2a1

**Shaft Type:**

Shouldered

**Shaft Material:**

Steel comp 4620 and steel comp 8620

**Gear Material:**

Steel comp 4620 and steel comp 8620

**Shaft Largest Diameter:**

1.750 inches

**Special Features:**

1st end gear: teeth q type 81; diametral pitch 12; pressure angle 20 degrees; 2nd end gear: teeth q type 21; diametral pitch 10; pressure angle 20 degrees

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A503n0
