Overall Length:

1.060 inches

Body Diameter:

Between 0.03955 inches and 0.04105 inches

End Application:

5826-01-015-0839

Link Style:

Offset

Body Construction:

Solid

Criticality Code Justification:

Abpm

Special Features:

One end has 90.0 degrees bend perpendicular to plane of main axis, extends 0.203 in.

Material (non-core):

Steel, corrosion resisting

Material:

Stainless steel

Surface Treatment (non-core):

Passivated

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52410
