**Shoulder Width:**

0.062 inches

**Shoulder Outside Diameter:**

1.937 inches

**Hub Inside Diameter:**

0.359 inches

**Distance From First End Hub To Shoulder:**

0.563 inches

**Special Features:**

Thread size: 0.250-36 in.Nom; o/a length: 0.625 in.Nom; hub thread length: 0.563 in.Nom

**Material:**

Steel

**Material Specification:**

Comp 416 se federal specification single material response

**Surface Treatment:**

Passivate

**Style Designator:**

Single threaded hub

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A523y0
