Shoulder Width:

0.062 inches

Shoulder Outside Diameter:

1.937 inches

Hub Inside Diameter:

0.359 inches

Distance From First End Hub To Shoulder:

0.563 inches

Special Features:

Thread size: 0.250-36 in.Nom; o/a length: 0.625 in.Nom; hub thread length: 0.563 in.Nom

Material:

Steel

Material Specification:

Comp 416 se federal specification single material response

Surface Treatment:

Passivate

Style Designator:

Single threaded hub

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A523y0
