End Application:

Aircraft c5a

Product Name:

Fsc application data: fill coupling probe, In2 service truck

Special Features:

Steel, corrosion resisting, ams 5643, 17-4ph, cond h1050; passivated mil-s-5002; nitride case hardened; 0.500 in. Lg, 0.280 in. Flange thickness, 0.625 in. Sleeve od, aperture square 0.375 in. On side; and flange irregularly shaped

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A50800
