First End Style:

External threaded

End Similarity:

Identical

Overall Length:

29.500 inches

First End Diameter:

Between 0.4980 inches and 0.4990 inches

First End External Thread Length:

0.844 inches

Surface Finish:

32.0 microinches

Material:

Steel comp 303

Material Specification:

Astm a 276 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23200
