First End Style:

Plain

End Similarity:

Not identical

Second End Style:

Splined (straight)

Overall Length:

445.8 millimeters

First End Diameter:

15.1 millimeters

Second End Diameter:

48.7 millimeters

Second End Spline Length:

7.0 millimeters

Second End Spline Minor Diameter:

15.1 millimeters

Second End Spline Major Diameter:

17.2 millimeters

Step Quantity:

5

Second End Spline Quantity:

22

Largest Step Diameter:

20.2 millimeters

Surface Finish:

1.6 microns

Special Features:

USEW-/G-ENE-RATO

Material:

Steel

Material Specification:

Sae-j467 assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23200
