**First End Style:**

Plain

**End Similarity:**

Identical

**Overall Length:**

35.962 inches

**First End Diameter:**

Between 4.8000 inches and 4.8100 inches

**Step Quantity:**

3

**Criticality Code Justification:**

Feat

**Largest Step Diameter:**

Between 4.800 inches and 4.810 inches

**Surface Finish:**

639.0 microinches

**Special Features:**

Flight safety critical

**Material:**

Aluminum alloy 2024

**Material Specification:**

Ww-t-700-3, alloy 2024-t3 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A23200
