**First End Style:**

Plain

**End Similarity:**

Not identical

**Second End Style:**

External threaded

**Overall Length:**

8.237 inches

**First End Diameter:**

Between 5.1250 inches and 5.1260 inches

**Second End Diameter:**

2.8750 inches

**Second End External Thread Length:**

0.500 inches

**Step Quantity:**

10

**Criticality Code Justification:**

Feat

**Largest Step Diameter:**

Between 5.125 inches and 5.126 inches

**Surface Finish:**

90.0 microinches

**Special Features:**

Flight safety critical

**Material:**

Steel

**Material Specification:**

Ams6265 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A23200
