Mounting Provision:

Unthreaded mounting holes

End Application:

Forenta inc model 771ss

Integral Valve Operation Method:

Pneumatic

Design Characteristics:

Single acting single cylinder

First Piston Rod End Style:

Tongue type

Mounting Type And Location:

Tongue piston rod end

Fsc Application Data:

Laundry press, commercial

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
