Overall Length:

9.000 inches

End Application:

Ground launch cruise missile

Special Features:

Bore centerline to base bottom is 5.130in.; center to center between bolt holes is 4in.; magnetic particle inspect per mil-i-6858 after machining

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A524a0
