Body Material:

Steel

Mounting Provision:

Threaded mounting studs

Overall Length:

10.690 inches

Temperature Rating:

-0.0 degrees fahrenheit

Overall Height:

2.147 inches

Overall Width:

1.535 inches

Body Outside Diameter:

1.535 inches

Mounting Facility Thread Class:

2a

Mounting Provision Arrangement Style:

Two stud

Mounting Facility Thread Series Designator:

Unc

Mounting Facility Thread Diameter:

0.250 inches

Mounting Facility Thready Qty Per Inch (tpi):

20

Mounting Type And Location:

Stud center section

Mounting Facility Thread Length:

Between 0.375 inches and 0.499 inches

Center To Center Distance Between Mounting Provisions:

Between 3.490 inches and 3.510 inches

Port Location And Quantity:

1 cylinder head end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
