**Center To Center Distance Between Link And Shaft Holes:**

6.499 inches

**Shaft End Thickness:**

1.375 inches

**Distance Between Fork Inside Spread:**

1.517 inches

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-225/9, t6 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A524p0
