Center To Center Distance Between Link And Shaft Holes:

6.499 inches

Shaft End Thickness:

1.375 inches

Distance Between Fork Inside Spread:

1.517 inches

Material:

Aluminum alloy

Material Specification:

Qq-a-225/9, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A524p0
