**End Application:**

2330-00-808-7100 ace m9

**Special Features:**

Test data document: c19207-12335146; steel alloy ; all radii on cam surface blended smoothly; burrs and sharp edges removed; cam surface hardness to be rhc 60 to 66 effective case to be rhc 50 at 0.040 in.Min deep; hardness of all other areas optional;

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A50800
