Shouldered Shaft - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/3040-01-184-9484

First End Style:	
Plain	
End Similarity:	

Not identical

Second End Style:

External threaded

Overall Length:

9.600 inches

First End Diameter:

Between 0.7450 inches and 0.7470 inches

Second End Diameter:

0.5000 inches

Second End External Thread Length:

0.600 inches

Step Quantity:

Largest Step Diameter:

1.000 inches

Material:

8

Steel comp 304

Material Specification:

Qq-s-763, cond a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No

Fiig:

A23200
