First End Style:

External threaded

Overall Length:

24.797 inches

First End Diameter:

0.6250 inches

First End External Thread Length:

1.187 inches

Step Quantity:

19

Criticality Code Justification:

Feat

Largest Step Diameter:

Between 2.371 inches and 2.372 inches

Surface Finish:

32.0 microinches

Special Features:

Weapon system essential

Material:

Nickel-copper alloy

Material Specification:

Qq-n-281, class a, form 1 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23200
