Body Diameter:

1.125 inches

End Application:

Flight control system for the e-2c and c-2a aircraft

End Attachment Style:

Eye first end

Link Style:

Tubular shank

Body Construction:

Tubular

Criticality Code Justification:

Feat

Special Features:

Weapon system essential

Material (non-core):

Aluminum alloy, ww-t-700/3

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A52410
