Overall Length:

4.450 inches

End Application:

Kc-135 acft

Special Features:

Material document and classification: ams 5659; heat treated 150-170 ksi; dia of bore of rod end is 0.312 in.Min, 0.313 in.Max bore diameter of connector is 0.3748 in.Min, 0.3754 in.Max; dia of shank is 0.4940 in.Min, 0.4960 in.Max; length from shank end to shoulder to shank end is 1.9500 in.Nom; width from center of bore to rod end to center of bore of connector is 0.950 in.Nom

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A525x0
