Fabrication Method:

Molded

Major Diameter:

2.000 inches

Thickness:

0.500 inches

Hole Arrangement Style:

Straight

Mounting Hole Diameter:

0.380 inches

End Application:

Armor moving target carrier

Friction Lining Material:

Asbestos

Lining Style:

Plain disk

Mounting Hole Circle Diameter:

1.120 inches

Circular Pattern Hole Type And Quantity:

4 counterbored single securing circle

Attachment Method:

Bolted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A230a0
