**Effective Length:**

50.000 inches

**Core Construction:**

Wire rope

**Flexible Conduit Material:**

Plastic vinyl

**Core Diameter:**

0.187 inches

**Core Processed End Connection Type:**

Adjustable threaded adapter

**Flexible Conduit Outside Diameter:**

0.500 inches

**Core Material:**

Steel

**Special Features:**

Thread direction: right-hand; thread length: 1.500 in. ; core surface treatment: galvanized; thread size and series/type designator:

nf5/16-24

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A524c0
