Effective Length:

50.000 inches

Core Construction:

Wire rope

Flexible Conduit Material:

Plastic vinyl

Core Diameter:

0.187 inches

Core Processed End Connection Type:

Adjustable threaded adapter

Flexible Conduit Outside Diameter:

0.500 inches

Core Material:

Steel

Special Features:

Thread direction: right-hand; thread length: 1.500 in. ; core surface treatment: galvanized; thread size and series/type designator:

nf5/16-24

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A524c0
