Overall Length:

3.500 inches

Body Diameter:

0.375 inches

End Attachment Style:

Clevis no. 1 first end

Link Style:

Eye ends

Body Construction:

Solid

End Attachment Fork Width:

0.602 inches first end

Special Features:

Link info - effective length: 2.740 inches; hole diameter: 0.312 inch; end attachment info - height 0.300 inch, fork span width 0.322 inch

Material:

Steel

Material Specification:

17-4ph, armco steel co mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A524I0
