Linear Actuating Cylinder Assembly - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/3040-01-234-6150>

Overall Height:

4.625 inches

Overall Width:

4.625 inches

Pressure Rating:

Between 135.0 pounds per square inch and 145.0 pounds per square inch

Integral Valve Operation Method:

Pneumatic

Design Characteristics:

Single acting single cylinder

Supplementary Features:

Appl to canister peacekeeper

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A34200
