Width:

0.625 inches

Overall Length:

1.910 inches

Overall Height:

1.900 inches

Bolt Hole Quantity:

4

Bore Inside Diameter:

Between 0.375 inches and 0.376 inches

Bolt Hole Size:

15/64 inch diameter 2 places, 3/16inch diameter 2 places

Criticality Code Justification:

Zzzy

Special Features:

Center to center distance between bolt holes: 1-13/32 inch between centers

Material:

Steel

Material Specification:

Qq-s-631, com+1030 federal specification single material response

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A524a0
