First End Style:

Plain

End Similarity:

Not identical

Second End Style:

Two cross drilled holes

Overall Length:

3.750 inches

End Application:

Electro mechano model 801 drill press

First End Diameter:

0.5000 inches

Second End Diameter:

0.5000 inches

Second End Hole Diameter:

0.2515 inches

Second End Distance From Hole Center To End:

0.250 inches

Second End Hole Depth:

0.375 inches

Second End Distance Between Hole Centers:

0.620 inches

Second End Angle Between Holes:

0.0 degrees

Special Features:

No. 28 drill thru, tap 8-32

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23200
