Overall Length:

16.910 inches

Body Diameter:

0.625 inches

Link Style:

Solid shank

Body Construction:

Solid

End Attachment Style:

B1

End Attachment Hole Diameter:

0.6255 inches both ends

End Attachment Length:

3.250 inches first end

End Attachment Width:

0.577 inches second end

Special Features:

Leffective length: 15.410 inches; link threading length and size: left and right hand, 1.500 inches, 5/8-18 unc; end attachment info: material steel, surface treatment cadmium plated, locknut, height 1.500 inches

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52410
