End Application:

Ground emplaced mine scattering syste (gemss)

Housing Material:

Aluminum alloy

Special Features:

7.500 in. Od, 1.400 in. Thk, 6 holes 0.296 in. Dia

Material Specification:

Qq-a-601 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A522y0
