Body Material:

Steel, stainless

Overall Height:

5.000 inches

Pressure Rating:

500.0 pounds per square inch

Port Location And Quantity:

1 piston rod end

Port Style:

Plain single port

Port Thread Series Designator:

Nptf

Reference Number Differentiating Characteristics:

Magnetic permeability shall not exceed 2.0 after fabrication

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
