Body Thickness:

0.080 inches

End Application:

Used on rack bomb ejector for the F15 aircraft

Link Style:

Angled

Body Construction:

Solid

Special Features:

Angled end has slotted hole 0.550 in. Lg. And 0.189 in. High

Material (non-core):

Steel, AMS 5629

Material:

Steel

Shelf Life:

N/A

Unit Of Measure:

--

Demilitarization:

No

Fig:

A52410
