Width:

1.100 inches

Overall Length:

2.039 inches

Overall Height:

1.783 inches

Bolt Hole Quantity:

3

End Application:

Used on f-16c/d blk 40/60

Bore Inside Diameter:

0.650 inches

Bolt Hole Size:

1/4 in. Dia.

Special Features:

Shaft hole is splined with 30 teeth, pressure angle is 30 deg., shaft hole is in center of tri shaped bracket

Material:

Steel

Material Specification:

Aisi 4340 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A524a0
