**Width:**

1.100 inches

**Overall Length:**

2.039 inches

**Overall Height:**

1.783 inches

**Bolt Hole Quantity:**

3

**End Application:**

Used on f-16c/d blk 40/60

**Bore Inside Diameter:**

0.650 inches

**Bolt Hole Size:**

1/4 in. Dia.

**Special Features:**

Shaft hole is splined with 30 teeth, pressure angle is 30 deg., shaft hole is in center of tri shaped bracket

**Material:**

Steel

**Material Specification:**

Aisi 4340 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A524a0
