Overall Width:

Between 1.597 inches and 1.602 inches

Overall Diameter:

Between 7.498 inches and 7.500 inches

Operation Method:

Hydraulic

Rotating Disk Outside Diameter:

Between 7.084 inches and 7.104 inches

Rotating Disk Thickness:

Between 0.901 inches and 0.906 inches

Stationary Disk Thickness:

1.400 inches

Installation Location:

Right hand front

Specification Data:

10001-2891346-1 government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T129-b
