Overall Length:

13.330 inches

Body Diameter:

0.500 inches

End Application:

Helicopter, super cobra advance attack ah-1w

Link Style:

Tubular shank

Body Construction:

Tubular

Product Name:

Tube assembly, engine control

Special Features:

One rod end is adjustable

Material:

Aluminum alloy

Material Specification:

Ww-t-700/3 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A52410
